Career, Technical and Agricultural Education

Summer Camp @ Woodville Tompkins

Journey into Careers

Journey into Careers will prepare students for CTSO competitions, College Lift, and summer jobs. The session will focus on career development skills where a series of pathways will be presented. Students will research required soft skills, education, salary, and potential jobs related to each suggested career pathway.

Sizzling Spa & Beauty Camp

This exciting camp introduces students to the world of cosmetology and teaches the fundamental principles of hair styling and nail care. The Sizzling Spa & Beauty Camp has something for everyone. Learn how to have fun pampering your family and friends. Students can focus on hair, nails, or both!

Design on a Dime

Come learn to transform your space on a budget! Whatever your style, we will help you achieve it as you learn the basics of Interior Design. Projects may include: color wheels, presentation boards, hand-painted vases, lampshades, and more!

Summer Culinary Academy

This program allows students to prepare various dishes, learn from a top culinary expert, find out about sustainable cooking, and more. In addition to learning culinary techniques, from knife skills to plating presentation, students will learn about baking and pastry arts.

VEX Robotics Camp

Interested in learning about the world of robotics? Learn how robots are built, programmed, and controlled. This year's Robotics Camp will teach you about robotics through the VEX system.

Think it, Design it, Web it!

Would you like to learn how to design a website? Students will use Moviemaker, PowToon, Weebly and other online technology tools to create media live on the web. Come join the fun!

Video Production

Students will engage in the basic practices of video production and experience the full process of completing a "Final Video Production". This includes learning the elements of pre-production, camera work, shooting film, editing audio, and special effects.

Money Matters

Are you I-N-D-E-P-E-N-D-E-N-T? With more money to spend and more opportunities to spend it, you can easily get into financial trouble. With this class, you will develop the self-confidence and skills needed to successfully manage your money in the real world. *(Rising 9th-12th Grade only)*

Construct What?

This camp will teach you how to safely make everyday repairs around the house. We will also create Summer Yard Furniture! Students will be exposed to practical applications of construction used in life.
