

## Safe and Secure Environment for Students and Employees

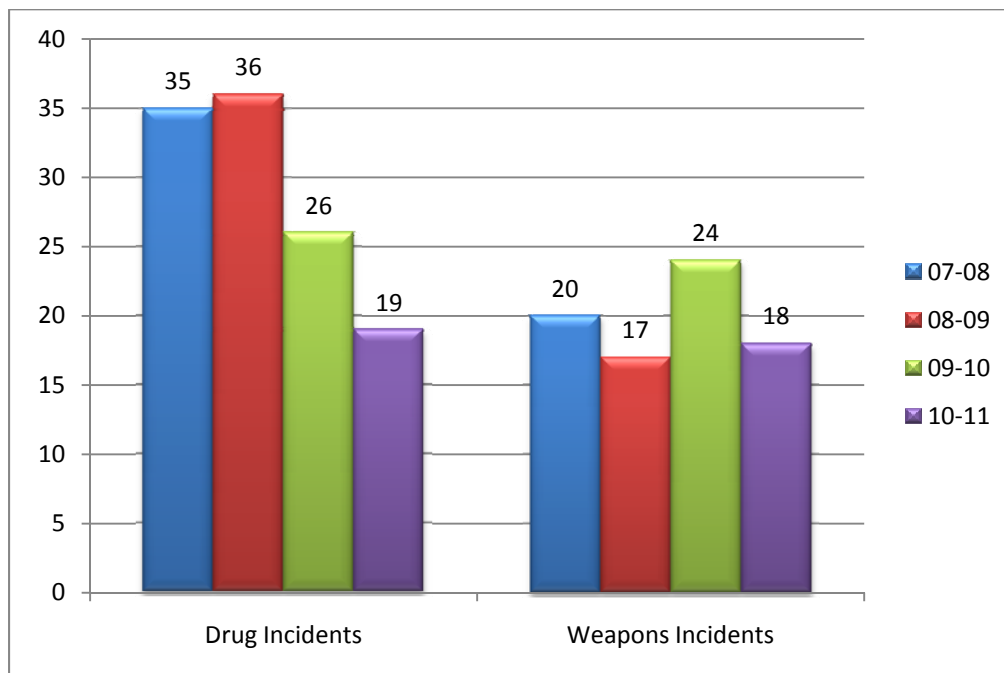

### Objective D: Weapons and Drugs

#### Second Quarter Report: 2010-2011 School Year

##### Executive Summary

In accordance with Strategic Objective 3D, the district is to reduce the number of Weapons and Drugs on school campuses as measured by official police reports to 45 or less in each category by FY 2012. For the period of October 1, 2010 through December 31, 2010 there have been 19 incidents involving drug violations and 18 incidents involving weapons violations. With an emphasis on Strategic Objective 3D, we are ensuring that a minimum of 3 Random Administrative Inspections are done per school every week. Staff has also emphasized to students and parents/families the consequences of bringing weapons onto school property, especially at the elementary level. There has been a decrease in drugs and weapons as compared to the second quarter of FY2010. The Random Administrative Inspections and continued Safe School Searches are becoming more a part of the normal routine of all schools, thus providing a major deterrent for students looking to bring weapons and/or drugs onto school grounds.
