Objective D: Weapons and Drugs

Fourth Quarter Report: 2011-2012 School Year

Executive Summary

In accordance with Strategic Objective 3D, the district is to reduce the number of Weapons and Drugs on school campuses as measured by official police reports to 45 or less in each category by FY 2014. For FY 2012 there were 101 incidents involving drug violations and 45 involving weapons violations. With a continued emphasis on Strategic Objective 3D, we are ensuring that a minimum of 3 Random Administrative Inspections are done per school every week. We have experienced a decrease in weapons and an increase in drug related incidents in FY 2012 vs. FY2011. Continued emphasis is being placed on communicating the repercussions of bringing weapons and drugs on school campuses to students and families and we are continuing to monitor compliance for the Random Administrative Inspections. Campus Police has set an action plan related to the increase in drug violations to provide additional support to schools that are experiencing the rise in such violations. This support will include an increase in the number of drug and weapons sweeps, requests for assistance from local law enforcement in neighborhood drug related crime suppression, and pro-active interaction between SRO's, SCMPD Juvenile Officers, students and families.
