

**District Accountability Plan Goal 1, Objective B
GEORGIA CRITERION-REFERENCED COMPETENCY TESTS (CRCT)
Executive Summary
Spring 2012**

About the CRCT

The Georgia CRCT is designed to measure student achievement relative to the content standards of the Georgia Performance Standards (GPS). In 2012 students in grades 3 – 8 participated in reading, English/language arts, mathematics, science, and social studies subject area tests. CRCTs in grades 1 and 2 were not administered in 2011 or 2012 due to state budget cuts.

A CRCT score of 800 or above indicates performance which meets the state standard and a score of 850 or above exceeds the standard. Passing scores are those which either meet or exceed the state standard. Third-grade students are required to pass the reading portion of the CRCT in order to be promoted to the fourth grade, while students in the fifth and eighth grades must pass both reading and math in order to advance to the next grade. Students who do not pass these areas on the first attempt have a second opportunity to test.

This executive summary is a follow-up to the board presentation on Reading on Grade Level. District Accountability System Goal 1, Objective B seeks to increase the percentage of students meeting or exceeding standard in the core content areas as measured by the CRCT, and has established the following performance targets for grades 3, 5, and 8:

By school year 2013-14

	Grade 3	Grade 5	Grade 8
Reading	94	94	95
ELA	88	94	91
Mathematics	78	87	78
Social Studies	80	68	66
Science	78	75	57

Highlights from the spring 2012 administration of the CRCT include the following:

Reading

- The percentage of students meeting/exceeding standard in reading ranged from 88% in grade three to 94% in grade six.

- SCCPSS has improved reading performance in all grade levels over the past four years. Seventh grade students achieved the greatest gains, increasing their reading pass rate by 10 points from 2011 to 2012, for a total four-year gain of 12 points.
- Haven Elementary, Heard Elementary, Juliette Low Elementary, Spencer Elementary, Thunderbolt Elementary, Bartlett Middle, Hubert Middle, and Myers Middle achieved double-digit gains in reading pass rates over the past four years, while Ellis, Garrison, Godley Station, Georgetown, and Oglethorpe achieved a 100% pass rate in one or more grade levels.

English/Language Arts (ELA)

- The percentage of students meeting/exceeding standard in ELA ranged between 87% in grade three, to 93% in grade five.
- SCCPSS achieved increases over 2009 ELA pass rates in all grade levels, with gains ranging from 2 to 10 points, and achieved the 2014 performance target in grades three and eight.
- Juliette Low earned the greatest four year increase among elementary schools, while Bartlett increased the most among middle schools. Ellis and Garrison each achieved a 100% pass rate in one or more grade levels.

Mathematics

- The percentage of students meeting/exceeding standard in math ranged from 62% in grade eight, to 88% in grade seven.
- SCCPSS students in all grade levels achieved gains over spring 2009 pass rates. Students in grades six and seven earned double-digit increases over the past four years.
- Pulaski Elementary achieved the greatest gains within the elementary grades, while Bartlett, Coastal, Hubert, and Myers earned the highest increases among middle grades. Jacob G Smith and Garrison achieved a 100% pass rate in at least one grade level.

Social Studies

- Social studies pass rates ranged from 59% in grade six, to 75% in grade three.
- The social studies pass rate rose over the past four years in all grade levels in which comparative information is available. (Note: four year change data are not available in grades six and seven, due to statewide field testing in 2009). Eighth grade students have improved their social studies pass rate by 15 points over the past four years.
- Among elementary grades, Heard achieved the greatest four-year gain, while six of the district's nine middle schools achieved double-digit gains in social studies pass rates over the past four years.

Science

- The percentage of students meeting/exceeding standard in science ranged from 53% in grade six, to 76% in grade seven.
- SCCPSS students in grade seven gained 17 points over the past four years. Eighth grade students achieved a 10 point increase over last year, and met the district's 2014 performance target..
- Among elementary schools, Heard and Pulaski earned the highest increases in science pass rates, while Bartlett and Coastal achieved the greatest gains in middle grades. Garrison K-8 school achieved a 100% pass rate in grade seven.

Overall

- SSCPSS performance is strongest in the areas of reading and English/language arts; however, students in most grade levels are making gains in math, social studies, and science.
- SSCPSS pass rates are below the state average, but typically exceed those of the state-assigned group of demographically similar districts*.
- Retest opportunities in third, fifth, and eighth grade reading, and fifth and eighth grade mathematics increased pass rates in those areas by 4 to 15 percentage points, resulting in pass rates between 77 - 97%.

*This group includes Atlanta City Schools, along with Clarke, Clayton, DeKalb, Dougherty, Liberty, Muscogee, Richmond, Spalding, and Troupe counties.

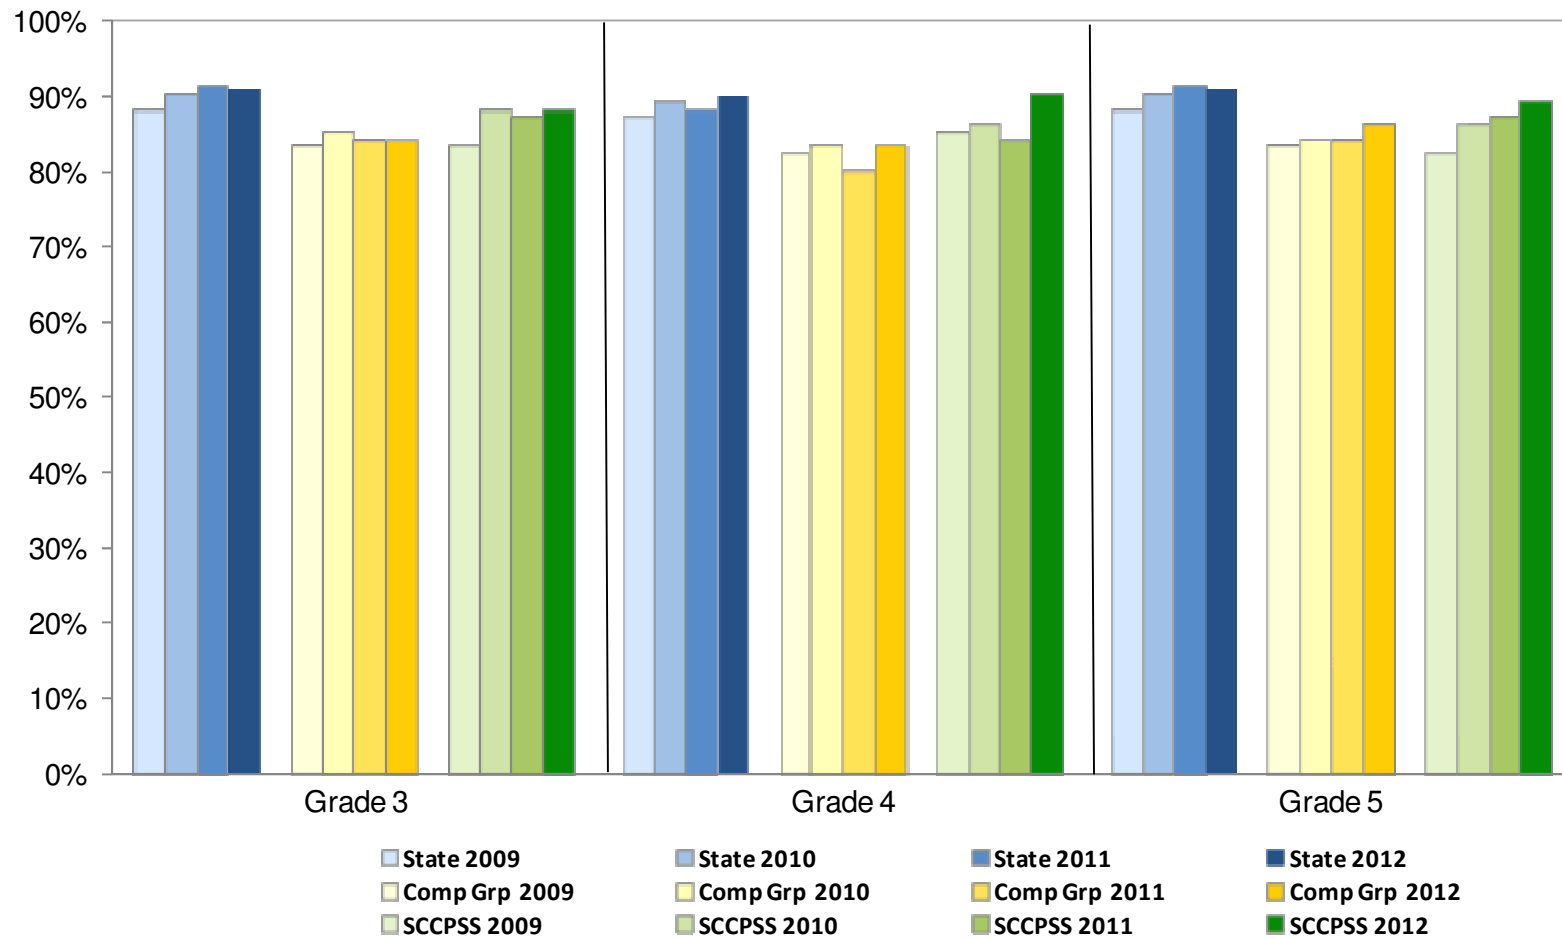

Actions

In the 2012-13 school year, the district's professional learning coaches will utilize the State Longitudinal Data System to assist teachers in creating targeted instructional strategies for core content areas. In addition, principals will supervise the implementation of MAP (Measurement of Academic Progress) and Compass Learning to differentiate mathematics instruction in grades two through eight. By September of 2013, the Program Manager for Literacy and the Director of Science will provide teachers with lesson plans that incorporate science standards and informational reading and writing.
