Objective D: Weapons and Drugs

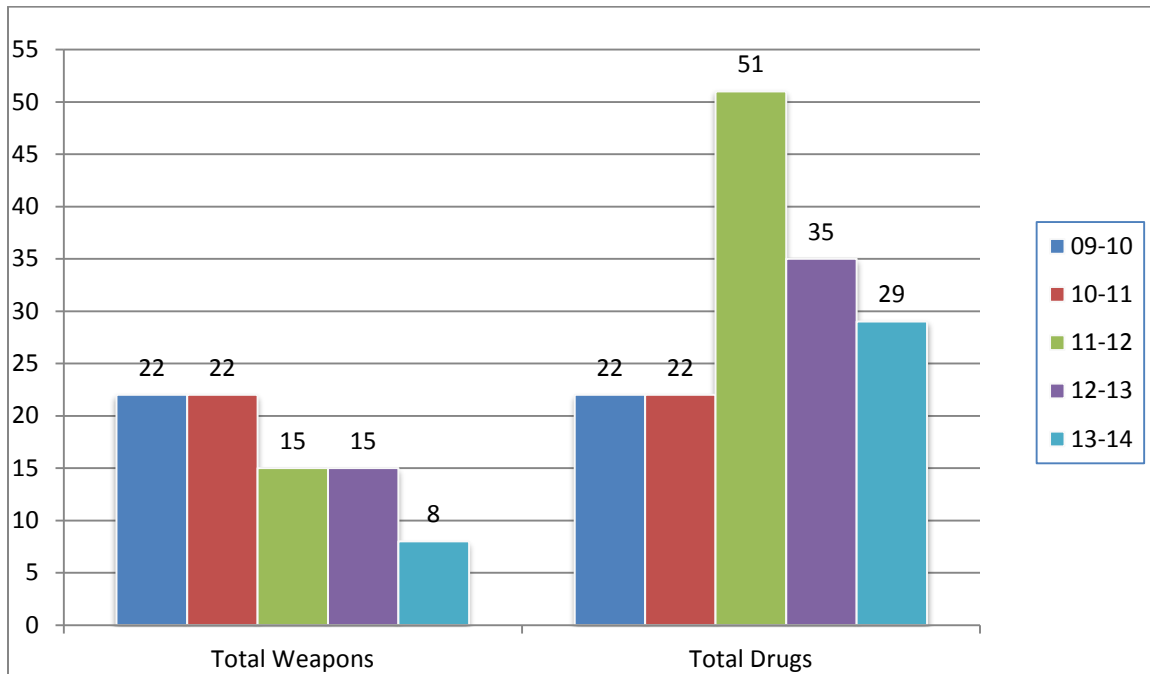

Third Quarter Report: 2013-2014 School Year

Executive Summary

In accordance with Strategic Objective 3D, the district is to reduce the number of Weapons and Drugs on school campuses as measured by official police reports to 45 or less in each category by FY 2014. There has been a slight decrease in both weapons and drug violations as compared to the third quarter of FY2013. For the period of January 1, 2014 through March 31, 2014 there have been 29 incidents involving drug violations and 8 incidents involving weapons violations.

With an emphasis on Strategic Objective 3D, we are ensuring that a minimum of 3 Random Administrative Inspections are done per school every week. The Random Administrative Inspections and continued Safe School Searches are a part of the normal routine of all schools, thus providing a major deterrent for students looking to bring weapons and/or drugs onto school campuses.
