

Savannah Chatham County Public School System

Executive Summary College & Career Ready Performance Index (CCRPI) School Year 2013-14

About the CCRPI

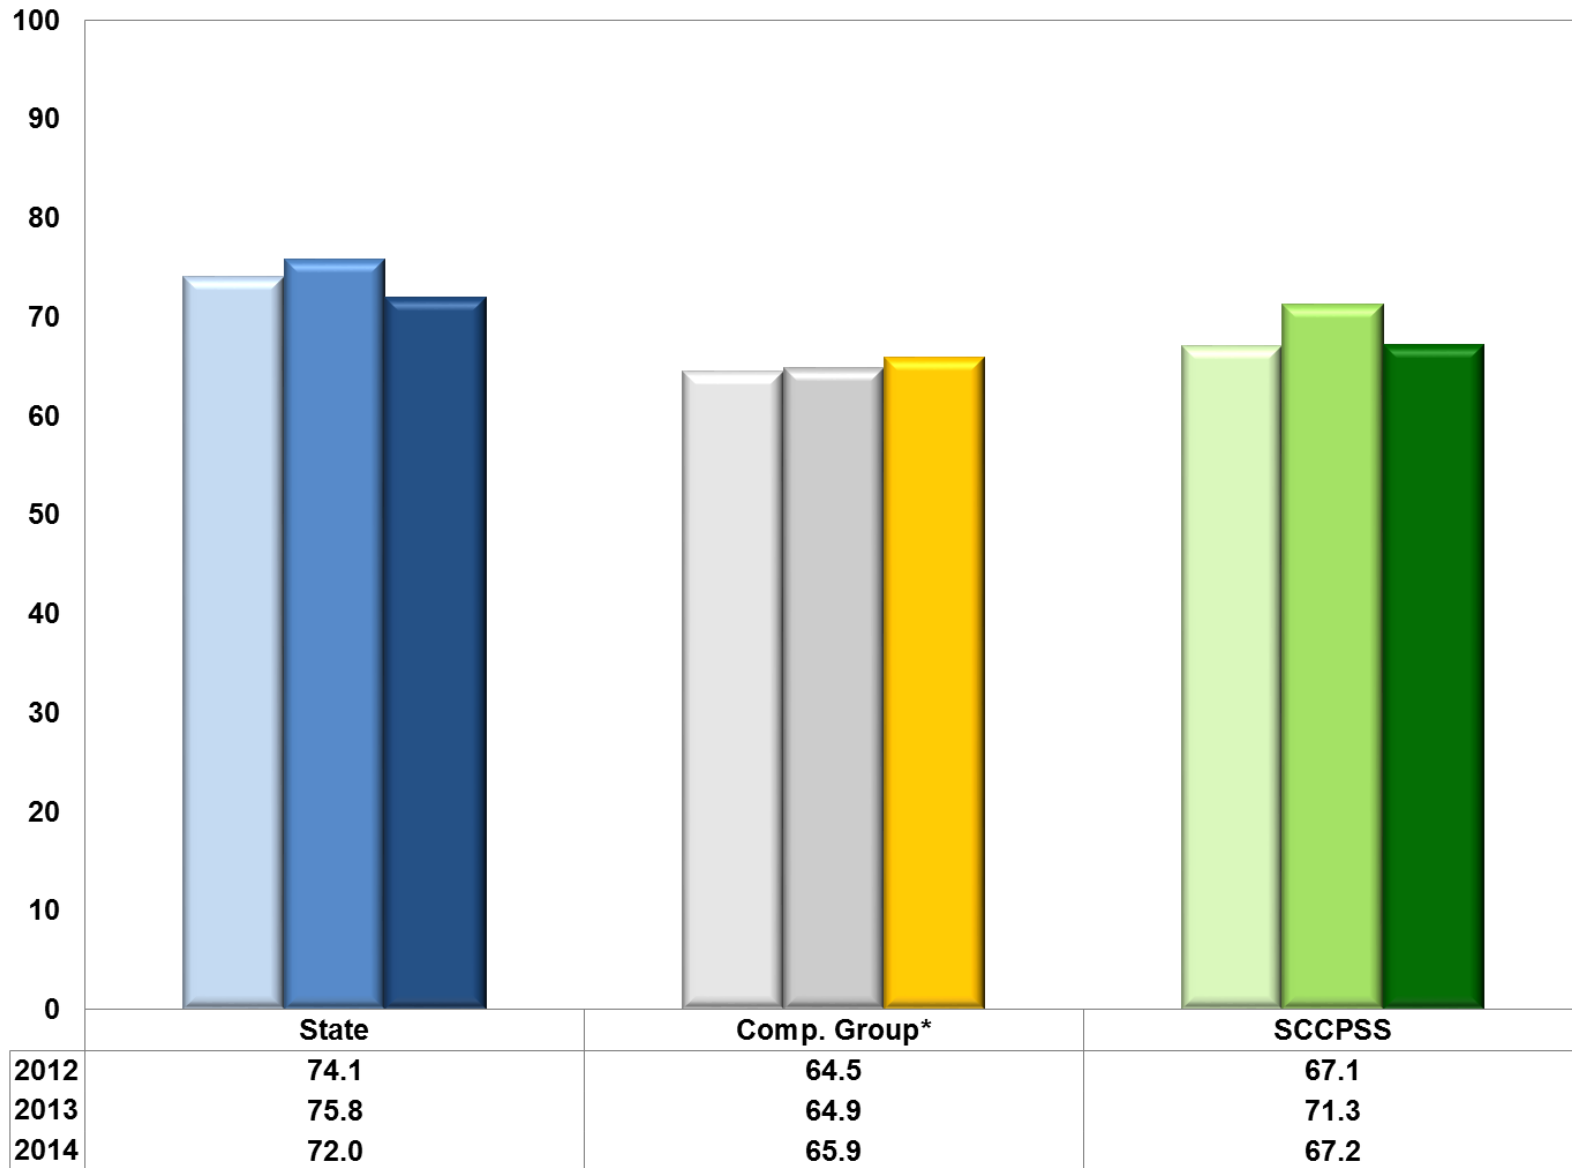

As a key component of Georgia's waiver from No Child Left Behind, the College and Career Ready Performance Index is part of a revised accountability system that replaces the Adequate Yearly Progress (AYP) designations of the past. The CCRPI results represent an index score that is designed to provide an indicator of college and career readiness based on a comprehensive set of student achievement and growth measures.

All data reflected in the following report are derived from the official CCRPI reports provided by the Georgia Department of Education (GADOE). All 2012 CCRPI data reflect the scores that were recalculated by GADOE in order to align with significant changes to the calculation formulas that occurred in 2013.

Highlights of the 2013-14 SCCPSS CCRPI results include:

- The district's overall 2014 CCRPI score was 67.2, which exceeded that of the comparison group of demographically similar districts.
- Among the three grade-level bands, SCCPSS achieved a score of 68.7 in grades K-5, 65.9 in grades 6-8, and 65.0 in grades 9-12. The district outperformed its comparison group in grades K-5 and 9-12.
- Both the state and district overall score decreased by about 4 points compared to last year. However, the district's K-5 and 6-8 scores are higher in 2014 compared to 2012, the first year in which CCRPI was calculated. By comparison, state scores fell below their 2012 levels within all grade level bands. For both the state and district, decreases in Achievement Gap scores had the greatest impact on the decline in overall scores.
- Within the CCRPI components, SCCPSS met or exceeded the state in grades K-5 and 6-8 Achievement Gap, grades 9-12 Subgroup Performance, and in all grade level bands Exceeding the Bar.
- Overall scores for SCCPSS non-charter schools range from 41.3 to 99.3, with J.G. Smith Elementary earning the district's highest overall score. Bloomingdale, Heard, Howard, Marshpoint, Pooler, Pulaski, Southwest, West Chatham, Ellis, Garrison, Georgetown, Godley Station, Hesse, Isle of Hope, Coastal Middle, STEM Academy, Savannah Arts, and Woodville-Tompkins each exceeded the 2017 DAS performance target.
- Twenty SCCPSS schools improved their CCRPI score compared to last year. Gadsden, Spencer, and Hesse each achieved double-digit gains in grades K-5, while DeRenne and New Hampstead achieved the greatest improvement in grades 6-8 and 9-12.

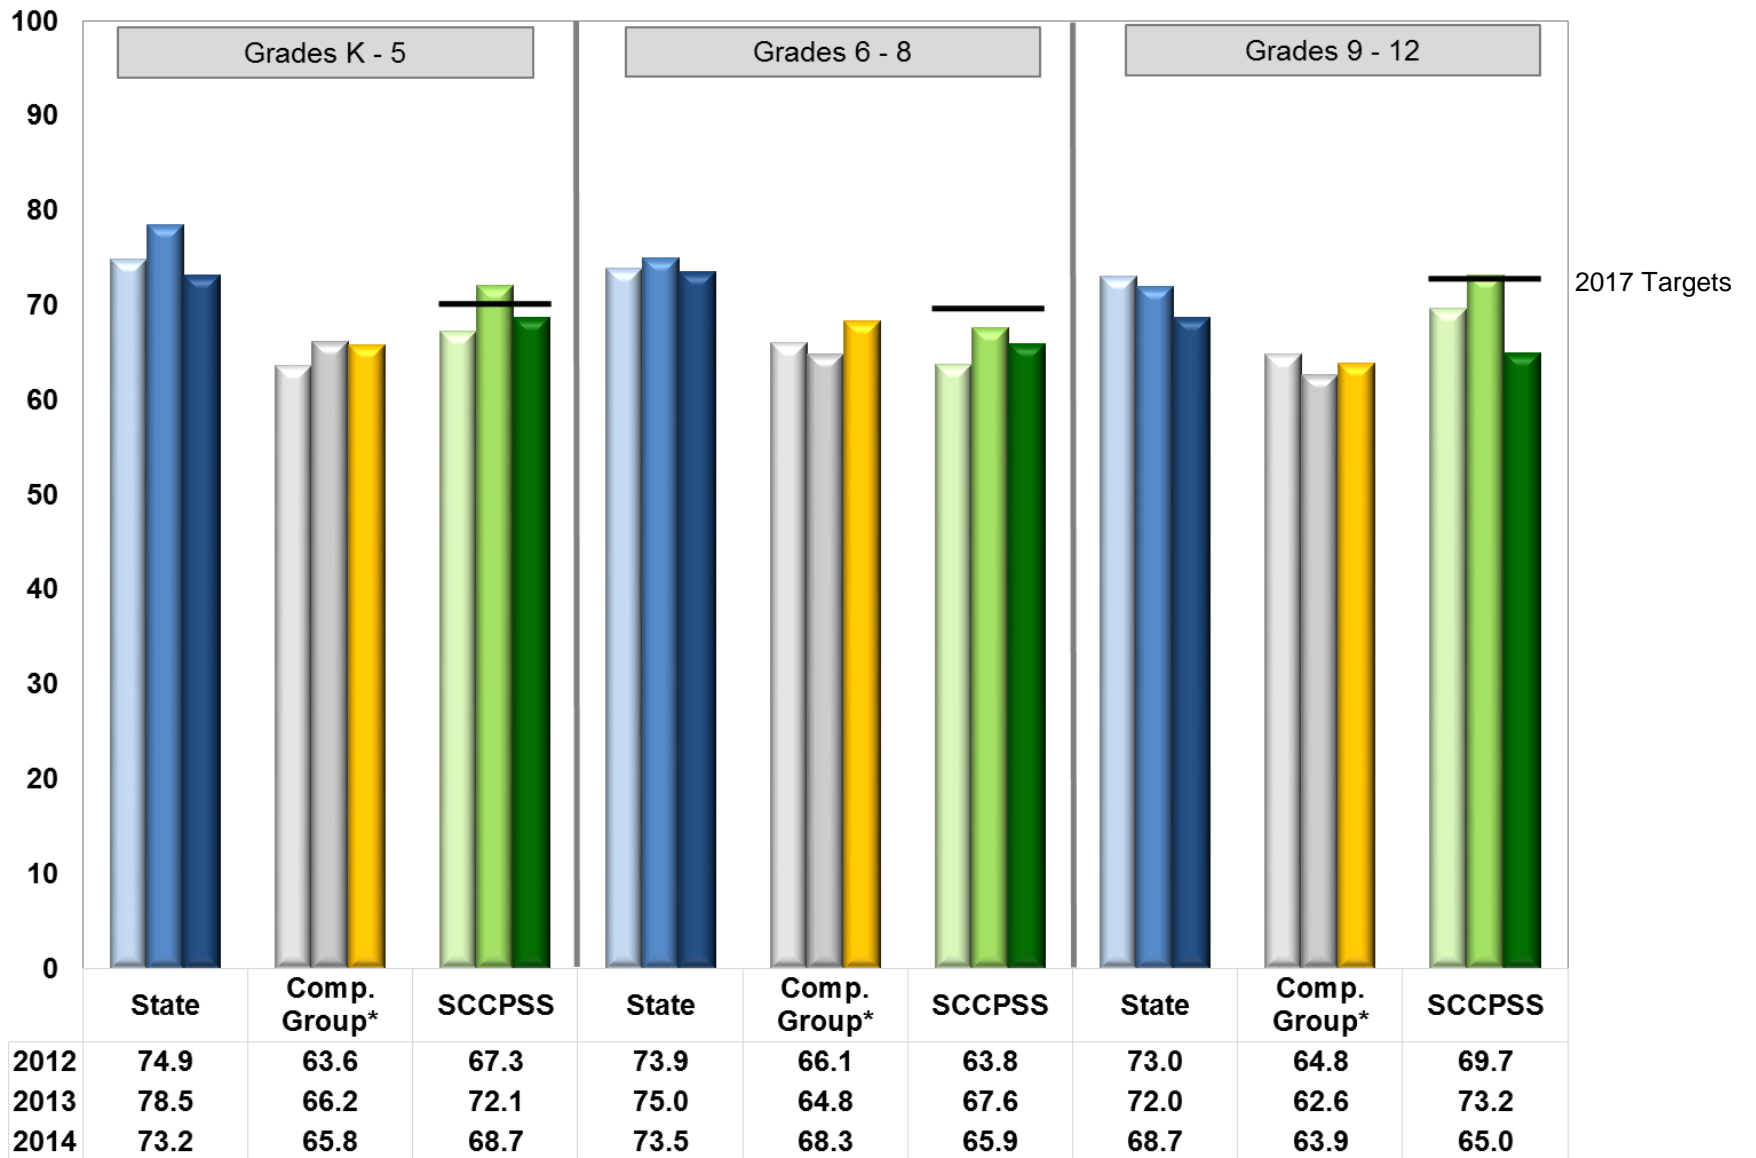

Overall CCRPI Score by State, Comparison Group, & District

NOTE: Shading of chart color from lightest to darkest represents progression of years

*Comparison group has been updated to reflect those districts most similar to SCCPSS; SY 2014 data not comparable to previous years

CCRPI Score by Grade Level Band: State, Comparison Group, and District

NOTE: Shading of chart color from lightest to darkest represents progression of years

*Comparison group has been updated to reflect those districts most similar to SCCPSS; SY 2014 data not comparable to previous years
