Objective D: Weapons and Drugs

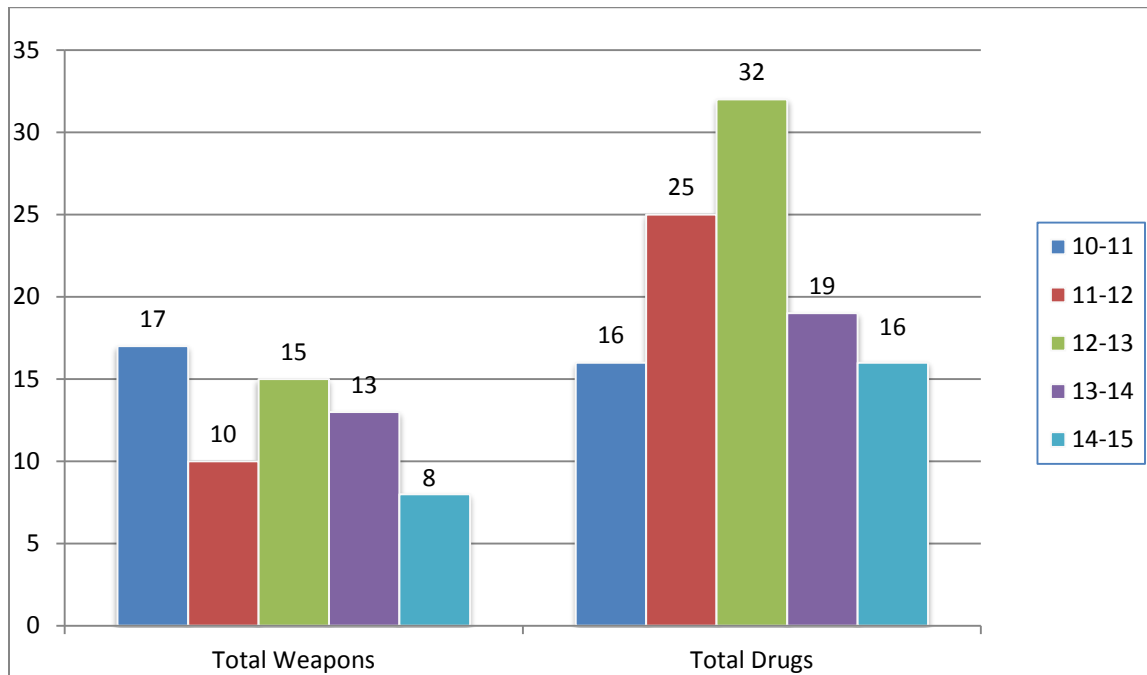

Second Quarter Report: 2014-2015 School Year

Executive Summary

In accordance with Strategic Objective 3D, the district is to reduce the number of Weapons and Drugs on school campuses as measured by official police reports to 45 or less in each category by FY 2015. For the period of October 1, 2014 through December 31, 2014 there have been 16 incidents involving drug violations and 8 incidents involving weapons violations. For this quarter, there has been a decrease in the number of weapon and drug related incidents. The number of incidents in both categories is the lowest in five years.

With an emphasis on Strategic Objective 3D, we are continuing to ensure that a minimum of 3 Random Administrative Inspections are done per school every week. The Random Administrative Inspections and continued Safe School Searches are a part of the normal routine of all schools, thus providing a major deterrent for students looking to bring weapons and/or drugs onto school grounds.
