

Dear Ellis Families,

We would like to take a moment and inform you about our Traffic Plan & Map. The City of Savannah has issued this Traffic Map to help keep our kids safe during school hours, particularly during both drop-off and dismissal. We appreciate our families following the prescribed traffic flow for the benefit and safety of all!

- The buses are dropping students off behind the school on 48th Street. They enter from Habersham and travel **east** on 48th to exit on Reynolds. **Your car should not be on 48th Street during drop-off and pick-up.** Please do not park on 48th Street.
- Please **DO NOT pass the school buses.**
- **If you drive and drop off/pick up your child in the front of the school,** you MUST turn on to 49th Street FROM REYNOLDS. Head **west** on 49th Street from Reynolds toward the school and exit on Habersham. There should be no cars parking on 49th Street and all cars dropping off need to be headed WEST.
- **If you drive and park to walk your children in to school,** the ONLY designated parking area for our school is on 50th Street and around the Circle Park. Please do not park anywhere on Battey. Please do not park on 49th Street. Please do not park on 48th Street. Please do not park anywhere on McGillicuddy.
- Finally, there is to be absolutely **no car traffic related to our school on Battey and McGillicuddy.** This really helps the crossing guard and it makes the bus and car drop-off lines run more efficiently.
