Important Information about Use of Private Vehicles

By state law, each driver and passenger, in a privately owned vehicle is covered for injury by his/her family's Personal Injury Protection (PIP) policy (if a family auto is owned). All vehicle owners are solely responsible for loss and accidental damage to their automobiles.

Employees, parents, and chaperones driving their own vehicles on school-related trips should be aware that *they assume personal financial liability* if an accident should occur.

School staff members should make vehicle drivers fully aware of their personal liability and of the serious duty to safeguard our school children during such trips.
