

Isle of Hope School Family Resource Center

Come visit the IOH Family Resource Center to check out books, study materials, games and activities to use at home with your child. Computers are available for families to explore the Parent Portal and other online educational resources.

Monday – Friday, 8:00am to 2:00pm

Please contact our Parent Community Relations Specialist, Jameson Hall, if you need to use the Family Resource Center after hours.

jameson.hall@sccpps.com or call 912-395-6555

IOH is moving full STEAM ahead!

Isle of Hope School will take the following measures to promote and support families as an important foundation of the school in order to strengthen the school and reach our school goals. We will:

- Ensure that all information related to school and family programs, meetings, and other activities is published in a language families (including EL families) can understand, posted on the school web site, texts, social media and included in newsletters for all families.
- Coordinate with various community programs by conducting joint meetings for families and sending school information about family engagement activities to help prepare families and their children for school transitions at all grade levels especially kindergarten and high school. This includes PTA, Title III, Title II, and Isle of Hope Methodist Church.
- Share information with families about the school’s academic standards (Georgia Standards of Excellence) and assessments (Georgia Milestones and MAP) as well as the ways parents can monitor their child’s progress, and work with educators.
- Specific training and resources will be provided to assist parents with grade level homework help, improving reading and math skills. Curriculum shared will include Balanced Literacy and Eureka Math.
- Collect feedback from families at all events and post email contact info for family suggestions on the school website in order to respond to families’ requests for additional support for family engagement activities.
- Teachers, special instructional support personnel, principals, and other school leaders with the assistance of families, will be training each semester in the value and utility of contributions of families, how to reach out to, communicate with and work with families as equal partners. Additionally, they will be trained on how to implement and coordinate family programs that build ties between home and school.

Family Engagement

Family Engagement means the participation of parents or other family members, in regular, two-way, and meaningful communication involving student academic learning and other school activities, ensuring that:

- (A) families play an integral role in assisting their child’s learning
- (B) families are encouraged to be actively involved in their child’s education
- (C) families are full partners in their child’s education and are included, as appropriate, in decision-making, and on advisory committees to assist in the education of their child

Action Team: Parents and community members meet with designated staff throughout the year to work together to connect family and community involvement with school improvement goals.

Antonio Byrd, principal of Isle of Hope K8 school, will submit to the district Title I office via email any comments of parents who feel the school improvement plan is not satisfactory.

Operation Beacon: all volunteers are required to go through this screening process for the safety of the students.
