

Technology Acceptable Use & Procedures Agreement

Savannah Chatham Public School System

Coastal Middle School

Students are provided with computers, calculators and other electronic devices to use at school. When using SCCPSS devices, students must follow all provisions of the SCCPSS Technology Policy and the SCCPSS Internet Acceptable Use and Safety Policy and the Student Discipline Policy, all available on the SCCPSS website.

Student/Parent Responsibilities:

- Students will only use the device for work that is assigned by a teacher.
- Students will only search the internet or use streaming audio/video when and where assigned.
- Students and parents understand that this technology is a learning tool and that any adult may take or deny access to the device if it is suspected the device is not being used for school purposes.
- Students must handle computers and other school equipment with great care.
- Students are to maintain a positive attitude and appreciate the opportunity to use the device for learning.
- Students agree to follow all copyright laws and to avoid plagiarism.
- Students may not give their school login to others.
- Students and parents understand that there are disciplinary consequences that will result from misuse or abuse of any device. Examples of such abuse would include deleting school installed software and settings, cyber bullying, damaging computers, keyboards, systems or networks, using unauthorized software or websites, or accessing inappropriate materials.
- Parents and students are responsible for paying for repair/replacement of equipment that is damaged while checked out to the student.
