The Fine Arts Diploma Seal is awarded to graduating high school students who complete a Georgia Fine Arts Pathway and engage in creative industry focus courses, extra-curricular activities, and experiences that foster fine arts mastery.

The diploma seal is a signal to employers and higher education institutions that a student is prepared to participate in the creative economy.

Georgia’s Creative Economy

The creative industries are a 62.5 billion dollar industry for Georgia’s economy. Employing more than 200,000 artists, actors, dancers, musicians, and administrative staff. Guiding questions to consider when creating the Capstone Presentation:

Reflecting on fine arts experiences

Students may use the following questions to guide their projects:

- What insights have you had during and since you completed your arts experiences that have changed your thinking (social, political, scientific, philosophical etc.)?
- How well do you feel your education (arts experiences) prepared you to become a more engaged member of society?
- To what degree do you think the artistic skills learned throughout your years at high school will benefit you as a student, professional, and as a human being in general?
- What do you think will make you stand out from others in the work place after living through these experiences?
- What advice do you have for future students and teachers to prepare to obtain the Fine Arts Diploma Seal? Why should they strive to pursue it?

Evaluation

- The Senior Capstone presentation is one of the requirements to receive the Fine Arts Diploma Seal on the graduation diploma. Evaluation of each student’s FADS Capstone will be conducted by selected faculty and community members, and will include a thorough review and assessment of the reflection performance or exhibition and presentation given.

Capstone Review Committee

- Each school will assemble a committee of faculty members who will evaluate the capstone projects for their school. The team will consist of a Fine Arts teacher, counselor and an administrator. A Capstone Project Rubric will be provided to the committee by the District Fine Arts Coordinator. FADS candidates will present their capstone projects before the committee during a designated period agreed upon by the school, but prior to April 14.
**FADS FAQS**

- **Do the three fine arts courses have to be in the same subject area?**
  - Yes. A pathway includes three courses in dance, music, theatre, or visual art.

- **How long should the rationale be for non-approved Creative Skills Focus courses?**
  - Please explain in a paragraph how the curriculum of the course addresses and supports creative industry skills or fine arts mastery.

- **What should the Capstone Presentation entail?**
  - Students should give a presentation in the format of their choice to report and reflect on the fine arts experiences in which they have engaged. We encourage creative ideas for the presentations (e.g., art, performance, journal reading, video, presentation). Each school may organize the capstone presentations in the format that works best for them.

- **Can the Capstone Presentation be part of a regular Senior Project presentation?**
  - Yes. Schools need to ensure that students interested in the seal reflect on fine arts skills and creative industry competencies during the senior project presentation.

- **Can students apply individually for the Fine Arts Diploma Seal?**
  - No. Parents and students should reach out to their high school and ask them to apply for the program.

- **Do memberships to the National Art Honor Society, National Thespian Society or the Tri M count as extracurricular activities?**
  - Membership alone does not count but the activities that students undertake do qualify.

- **Can independent schools apply for the Fine Arts Diploma Seal?**
  - No. GaDOE can only award seals to public schools in Georgia. Independent schools are free to modify or develop their own fine arts diploma seal.

- **Can a CTAE course count for one of the three required fine arts courses for Pathway completion required for the Fine Arts Diploma Seal?**
  - The Fine Arts Diploma Seal encourages schools and students to engage in a fine arts pathway with a creative industry skills focus course. Many CTAE courses satisfy the creative industries focus coursework but cannot be used in substitution for a Fine Arts Pathway. Ideally, students would complete a Fine Arts pathway and the requirements for the creative industry skills could be completed through and additional fine arts course or a CTAE Arts, AV, or Architecture CTAE courses.
