# Summer Camp @ Woodville Tompkins

151 Coach Joe Turner, Savannah, GA 31408

2018

## Sizzling Spa & Beauty Camp

This exciting camp introduces students to the world of cosmetology and teaches the fundamental principles of hair styling, makeup design, and nail care. The Sizzling Spa & Beauty Camp has something for everyone. Students can focus on hair, facials and nail art design!

## CAMP T & I

This exciting, hands-on camp is for those interested in exploring careers in Trade and Industry. This includes metalwork through welding and learning basic automotive skills. Students will practice welding processes and learn about operation and set up of equipment as well careers related to T & I. Girls welcome!

## Booming Robotics

The field of robotics is booming! Did you know that everything from cars and smartphones to gaming consoles is tied to robotics and mechanical engineering? Learn how to build, program, and control robots at this fun week of discovery.

## Film Production

Students will engage in the basic practices of video production and experience the full process of completing a "Final Video Production". This includes learning the elements of pre-production, camera work, shooting film, editing audio, and special effects.

## Sweetness of Baking

Students will learn how to make homemade bread, cupcakes, biscuits, brownies, cookies, and more! We will read recipes, use math skills applied in the kitchen and learn many icing techniques. Learn from top baking experts, during this fun filled cooking experience.

## STEM Adventures

This Science, Technology, Engineering and Math focused camp will offer hands-on, problem-solving, critical thinking, communications, and leadership skills through fun, engaging projects. You will not want to miss this exciting and challenging camp.

## COOL CODING

This cool camp will inspire our students through innovative, hands-on projects and challenges designed to propel technology readiness and gain an edge in STEM, while learning to create and program through coding and more! Come join us for this fun camp.

## Culinary Academy

This program allows students to prepare various dishes, learn from a top culinary expert, find out about sustainable cooking, and more. In addition to learning culinary techniques, from knife skills to plating presentation, students will learn about baking and pastry arts.

Cost: \$200 ♦ June 11 – June 22, 2018 ♦ 9:00am – 3:00pm ♦ For Rising 7<sup>th</sup> – 9<sup>th</sup> Graders
